

Vertical Solutions Brochure

Legal Professionals

Panasonic provides a range of solutions for legal professionals, delivering advanced communication solutions that improve their ability to communicate with colleagues and clients, and helps focus on optimizing operational costs, as "time is money".

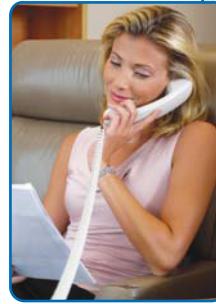

The foundation of these solutions starts with Panasonic Unified Communication Solutions.

EVERY

MATTERS

SOLUTIONS FOR THE LEGAL INDUSTRY

- A flexible communications solution with business desktop integration.
- Panasonic communications platforms have features designed for legal professionals to assist in efficient call handling and connect with tailored applications that enable you to implement advanced business solutions.
- Improve your business efficiency with applications like call recording, call logging and unified messaging to interface with standards based Panasonic systems.
- Take advantage of a wise investment with Panasonic Unified Communications Solutions for legal professionals, in business for over 23 years.

Panasonic an important Solution Provider in the Market

Panasonic Unified Communication solutions come with an exciting array of business intelligent features, designed to help legal professionals improve their customer interaction and relationship.

Panasonic provides solutions for:

- Single Solicitors or Lawyer Offices.
- Multi-site offices.
- Travelling employees.
- Home or remote worker team members.

With Panasonic Solutions for legal professionals - business secretaries can easily manage routing of all calls to specific lawyers, team leaders and accounting staff, with application connectivity for all calls to monitored and recorded real-time, with full call by call billing.

Built-in solutions provide calls to be tracked by account codes, and PC desktop applications fully integrate with your CTI based business tools for the prompt delivery of customer specific information to your screen for all calls.

Never miss a call

Built-in auto attendant makes sure that customer and colleagues are not kept waiting during a busy period. Auto attendant optionally provides guests with an easy to use menu to guide them directly to the required department, saving the receptionist time to focus on front desk customers.

Save money and reduce costs

Looking to replace an existing solution?

Panasonic systems work with a wide range of IP and digital handset devices, and support migration for 4 generations of handsets, including basic industry standard analogue.

Panasonic solutions are very efficient in power consumption, reducing running costs by 54% less than previous generations of products.

Stay in Touch

DECT wireless mobility can play an important role in a busy office ensuring that key members of staff never miss calls. For meetings and customer visits you can provide colleagues and customers with cordless handsets to stay in contact for all important calls.

Have staff moving between different locations?

No problem. Special features make sure that all calls can be answered either from your desk, or fact, 3G mobile handset, all with the same telephone number.
