On-site Telephone Systems & Services - Standard Terms & Conditions

Version 1

1. Interpretation: In these Terms and Conditions (Terms), the following words and phrases shall have the following meanings: “the Buyer” means the person, firm or company who purchases the Goods from the Company; “the Company” means Lister Communications Ltd; “Contract” means the contract between the Company and the Buyer which shall be deemed to incorporate these Terms; “Goods” means any goods agreed in the Contract to be supplied by the Company to the Buyer; “Place of Delivery” means the place to which the Goods are to be delivered. In these Terms, reference to any statute or statutory provision shall be construed as a reference to such statute or statutory provision as amended, modified, re-enacted or replaced from time-to-time.

2. The Contract: The Contract shall be on these Terms to the exclusion of all other terms and conditions, including any such terms and conditions that are purported to be included or applied by the Buyer. No terms and conditions contained in the confirmation of order, purchase order or other document of the Buyer will form part of the Contract.

3. Quotations: All quotations, whether oral or in writing, are subject to the Company’s written confirmation and acceptance of any order. No clerical errors or omissions in the quotations or Confirmation of Orders shall annul the sale but shall be subsequently corrected by the Company and no compensation will be allowed to the purchaser in respect thereof. It is the purchaser’s responsibility to check all quantities with specification requirements. When the quotation includes terms for a lease of the lease such terms are included for information only and do not constitute an offer by the Company. Unless otherwise stated, our quotation is valid for 30 days and shall lapse unless reviewed and confirmed by the Company in writing.

4. Delivery: The time given for delivery is an estimate only. It is given in good faith but not guaranteed and is not binding on the Company. The Company reserves the right to part deliver as it considers necessary. Unless otherwise agreed in writing, the Place of Delivery shall be the Company’s premises and the Buyer shall take delivery within 7 days of the Company notifying the Buyer that the Goods are ready for delivery. Subject to the other provisions of these Terms, the Company shall not be liable for any loss, whether direct or consequential, economic or loss of profits or otherwise, arising directly or indirectly out of any delay in the delivery of the Goods nor will any delay entitle the Buyer to terminate or rescind the Contract unless the delay exceeds 90 days.

5. Risk in and Ownership of the Goods: Risk in the Goods shall pass to the Buyer on delivery. Ownership in the Goods shall not pass to the Buyer until the Company has received in full in cleared funds all sums due to the Company in respect of the Goods and all other sums which are or may become due to the Company from the Buyer on any account. Until ownership of the Goods has passed to the Buyer, the Buyer shall: hold the Goods on a fiduciary basis as the Company’s bailee; store the Goods separately from all other goods of the Buyer or any third party in such a way that they remain identifiable as the Company’s property; not destroy or deface any identifying mark on the Goods or their packaging; maintain the Goods in satisfactory condition insured with the Company’s interest noted on the policy and hold any proceeds of such insurance on trust for the Company and not mix them with any other money.

6. Installation: When the order includes installation or commissioning of the goods the price includes the delivery to site within the Company’s normal working hours unless otherwise stated but does not include the provision of any special equipment on site including but not limited to cranes, hoists, scaffolding and lifts. The installation price excludes the work of other trades including but not limited to cutting away and making good wall surfaces, ceiling tiles and decoration, conduit, ducting, trunking, ground work and builders’ work. Where cables are to be surface clipped they will be installed neatly and where possible concealed. Unless otherwise stated, trunking and conduit is not included. Where cables are to be installed in conduit, trunking or ducting provided by others, strong draw wires must be installed for our use. Our quotation is based on uninterrupted access to all relevant sites and unless otherwise stated a 14 day notice is required before our engineers can attend site. Where applicable, our quotations allow for two visits to site in order to first and second fix. The second fix should be within 14 days of the first fix completion visit. After this period, further moves, additions and changes to the installation and associated programming are liable to charges at our standard rates. Any delays which occur as a result of inclement weather, non-completion of third party work or non-availability of third party supplies, any act or omission on the part of the customer or any cause beyond the Company’s control will give rise to an additional charge. The customer will be responsible for provision of suitable mains electricity supply to the satisfactory operation of the equipment.
